IMPORTANT NOTICE REGARDING TRASH COLLECTION!
EFFECTIVE OCTOBER 1, 2022
PLEASE READ BELOW FOR
NEW SCHEDULE / MAP AND INSTRUCTIONS FOR CART USE!

Tri-County Industries is the City's new trash hauler. Please refer to the map on the reverse side of this letter for your pick-up day. This is the day that your trash will be picked up *NOT* the day you put it out. Trash must be at the curb the night before as the company starts picking up at midnight. They will not be back to get it if it is not out the night before.

- **You must put trash out on the street of your physical address not in an alley if that is not your address.**
- **Each resident will be provided with (2) two carts (96-gallon cans), one for trash and one for recycling. This will be the limit of trash/recycling you can put out per week. Trash must be in the container, anything left outside the container will *not* be picked up. Recycling will be picked up every other week. The cart must remain at the property.**
- * **Instructions for putting out your carts is also enclosed. These must be followed in order for the hauler to use their automated trucks to pick up the containers.**
- **Please refer to the enclosed calendar for recycling schedule and holidays.**
- **If your pick-up day falls on a holiday your pick-up will be the following day.**
- **For bulk item pick-up you must call Tri-County at the following number to schedule: 724-748-4705.**

Please see the reverse side for cart instructions and additional enclosures for recycling calendar and pick-up schedule/map.

We encourage you to share these changes with your neighbor!

Cart Instructions

As automated trucks are being utilized for the trash collection routes, please place your carts on a level area at the curb line no more than three (3) feet from the street with wheels away from the street and lid opening towards the street. Leave at least three (3) feet between the carts and adjacent poles, trees, mailboxes, basketball hoops, parked vehicles and other obstacles. Please be sure no overhead wires or tree branches interfere with lifting the carts vertically.
